

Physical Therapy Services Now Available at SAGE Eldercare's Spend-A-Day

By SAGE Eldercare

5/10/2010

SAGE Eldercare, a major community resource for the elderly and their families, has announced that Fox Rehabilitation is now a proud provider of geriatric rehabilitation services at Spend-A-Day (SPAD) Adult Day Health Center. Fox Rehabilitation is a private practice that consists of full time Physical, Occupational and Speech Therapists who specialize in the provision of therapy services to the geriatric population.

SAGE is one of the few Adult Day Health Centers in the area that has created a partnership with a geriatric physical therapy group which enables them to offer on-site therapy to clients. Fox therapists are experienced in handling impairments relating to cardiac, neurological, orthopedic, pulmonary, and oncology, as well as more general diagnosis of weakness, atrophy, and difficulty walking.

"We have found that some of our clients we serve in Spend-A-Day often need outside therapy services for a variety of health issues, some recovering from illnesses and many from general conditions and diagnosis more common in the aging population," explains Melissa Stare, Director of Spend-A-Day. "SAGE is so pleased to be able to offer this additional service to our clients who can now receive the therapy care they need by setting an appointment up with Fox Rehabilitation right in Spend-A-Day, rather than having to be picked up and transported to an appointment."

SAGE's Spend-A-Day Adult Day Health Center, servicing the community since 1975, provides a day of social and stimulating activities for frail or impaired adults in a medically supervised, home-away-from-home setting. Licensed by the Department of Health and Senior Services as an adult medical day care, SAGE combines skilled services with extensive recreational, educational, and group programming to offer a viable option to in-home, nursing home, or assisted living care. SPAD program hours are Monday - Friday, 9:30 am - 3:30 pm, with extended hours also available on Monday - Friday from 8:00 am - 5:00pm.

For more information about the Spend-A Day program and Fox Rehabilitation services, please contact Melissa Stare at (908)-598-5516 or email mstare@sageeldercare.org. Please visit SAGE's website at www.sageeldercare.org to see the latest offerings and news.
