PRESS RELEASE

> For Immediate Release

Cherry Hill, N.J. – 07/01/2011 – Fox Rehabilitation hosts clothing drive to support local veterans

The employees at Fox Rehabilitation headquarters in Cherry Hill were busy at work Friday morning, but in addition to their everyday tasks, the staff was also busy folding and bagging over 700 articles of clothing they brought in to be donated to The Military Order of the Purple Heart Service Foundation.

“The Fourth of July is a great time to remember the men and women that served our country,” says Ryan Legato, Executive Vice President of Business Operations at Fox Rehabilitation, a private practice that provides physical, occupational and speech therapy services to the geriatric population. “The people here are truly amazing and their generosity is overwhelming.”

Fox Rehabilitation employees collected 723 articles of clothing that through the Purple Heart will help support local veterans and their families. Fox employees enjoyed a red, white and blue themed 4th of July cook out where their directors cooked and served them all American cuisine complete with hamburgers, hotdogs, salads and desserts.

“Today really made me feel proud to be part of the Fox community,” said Sarah Sellers, a Fox Customer Care Patient Representative. “Not only did we bring in so much clothing but it was great to walk into the cafeteria and see the personal touches of decorations. It was an incredible way to start the weekend.”

Fox is the largest private practice of geriatric physical therapists, occupational therapists and speech therapists in the United States. Fox employs over 500 clinicians that make 11,000 Geriatric House Calls™ each week across seven different states. Their efforts are directly supported by the 130 Business Operations employees at the Cherry Hill headquarters location. The headquarters staff is also dedicated to assisting those in need through various community service initiatives throughout the year.

“The culture at Fox is all about people,” said Dr. Tim Fox, Founder and CEO of Fox Rehabilitation. “Everyone at Fox is passionate about helping people. It’s remarkable. And it’s the people that make this practice great.”
