PRESS RELEASE

> For Immediate Release

Cherry Hill, N.J. – 03/17/2011 - Fox Rehabilitation named among top five private practices of the year

Fox Rehabilitation, a private practice of full-time physical, occupational and speech therapists headquartered in Cherry Hill, NJ, is named as one of the “**Top 5**” private practices of the year by *ADVANCE for Physical Therapy & Rehab Medicine*®, a national, biweekly publication.

In its 9th year running, *ADVANCE*'s 2010 incarnation of the Practice of the Year contest fielded dozens of entries from private practices across the United States. Fox Rehabilitation stands out as a leader in geriatric care, providing over 11,000 house calls per week across seven eastern states.

Fox Rehabilitation is recognized with distinction in physical therapy private practice for staff development, revenue growth, practice growth, customer service and elevation of the image and awareness of private physical therapy practice to both the public and lawmakers.

Fox's novel Driver Rehabilitation Program, free Fox Better Living community exercise program, Staff Morale department and the Fox Political Action Committee (Fox PAC), are just a few of the unique characteristics that make Fox stand out as the thriving private practice that it is today.

To learn more about Fox's spot in the “Top 5” check out the full article online at:
